THE SCOURGE OF THE UNIVERSE!!

CHOLERA

SUCCESSFULLY TREATED BY THE USE OF

COTTER'S CHOLERA PILLS.

Now that the frightful ravages of cholera is the subject of controversy among our eminent Medical and Sanitary authorities, it behoves us to look to ourselves, and to seek the knowledge of a faithful reliable medicine, which, while being thoroughly efficacious, will also come within the reach of the means of everyone.

COTTER'S CHOLERA PILLS ! ! !

Have obtained a reputation which, if it was more generally known, would prove an eminent blessing to thousands of sufferers. The present holder has obtained the sole proprietary right from Mr. Cotter, and the cause of humanity demands, undeniably, that the public should be made fully cognizant of a remedy so easy of access.

COTTER'S CHOLERA PILLS

Surpass any other medicine in the world for efficacy of properties, and several have derived great material benefit from a medicine which has only to be tried to recommend itself, even to sceptics in matters medicinal. In every fact, Cotter's Pills are miraculous in their effects, and will eventually prove their many advantages in theface of any other choleraic preventive.

COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, MARCH 4.

THE political telegram received this morning has exercised a most depressing effect on business in all branches. Most people in commercial circles are of opinion that the attitude of the English Government will tend to bring about a settlement of the boundary question, but it may produce just the reverse, and in view of the possibility traders are bound to act with great caution.

The announcement made by Lord Granville was of course after the close of business in London yesterday, and the messages of to-day's date will give evidence of how it has been construed; still the the Stock Exchange yesterday seems to have been weak, Consols being quoted ⅛ lower at 96⅞, and Rupee Paper ¼ down. French Rentes also are ½ lower at 109½, the first occasion any alteration has been telegraphed in them for some time.

In Produce extreme dulness is still the leading characteristic. Both Linseed and Rapeseed are quoted partially 3d. per quarter worse, and Wheat remains dull at previous values.

Cotton in Liverpool yesterday was dull for Americans, firm for Surats, of which the sales were 1,200 out of a total of 7,000 bales. Quotations for ready Cotton show no alteration, but Americans to arrive are 1-64d. to 1-32d. easier, and in New York ready Mid-Uplands are 1-16 cent., futures 8 points down. The day's receipts are comparatively large, the comparison being as follows:—

	1885.	1884.	1883.
Tuesday's receipts....	11,000	12,000	23,000
Four days'	28,000	35,000	70,000
Total since 1st Sept....	4,382,000	4,338,000	4,968,000

COTTON here continues very depressed. Supplies are still small, and there is consequently no great pressure to sell; but the export demand might almost be called non-existent, so insignificant is its extent. The only business we have heard of to-day is in Broach at Rs. 227 per candy for European March and Rs. 224 for native selection, April delivery. Other prices are nominal.

WHEAT is very dull, but not quotably lower in value. No date has yet been fixed, so far as we can learn, for the commencement of the import duty in France. That it is expected to begin in a few weeks, however, is evident from the fact that in Marseilles wheat near at hand is quoted 3 francs higher than future shipment.

In SEEDS there is nothing of any importance doing. Linseed is weaker by 2 annas per cwt., without finding buyers.

FREIGHTS remain dull with, only a limited business passing. A steamer is reported fixed for May loading Continent at 25s.; but there are not many charterers in the market even at that figure, and for early shipment engagements are only made from hand to mouth. Quoted rates are:—

	Ready.	Forward.
Liverpool.....	26s. 3d.	26s.3d. to 25s.
Open Charter.....	25s.	25s. to 26s. 3d.
Havre.....	26s. 3d.	26s. 3d.
Antwerp	25s.	25s. 3d. to 25s.
Marseilles	28s. 3d.	....
Trieste-Venice	33s. 9d.	....

COALS are quiet, with little demand on the part of buyers, and no pressure to sell by importers, who have no margin of profit at current figures.

EXCHANGE has been exceedingly quiet again to-day, with almost no bills offering. Rates are reduced 1-32d. and weak at that, but even a heavier fall would bring out very little paper while exports are so stagnant. We quote:—

Bank Bills on demand	1s. 6¼d.	per rupee
Do. Telegraphic	1s. 6 29-32d.	,,
Do. 4 months' sight	1s. 7 1-32d.	,,
Credits 3 months' sight	1s. 7 5-32d.	,,
France 3 months' sight	2·02.	,,

MONEY.—The Bank of Bombay rates of discount have been advanced 1 per cent. as to-day's board meeting, making the rate for demand loans secured by Government Paper 6 per cent. This having been quite anticipated, owing to the position in Calcutta, has produced little effect on the outside market, although of course the tendency is to harden it.

GOVERNMENT PAPER opened very weak owing to the political news, and the rise in the Bank of Bombay rate has further been against the market. Fours are now quoted at Rs. 96, and Fours-and-a-half at Rs. 99½, as against Rs. 96½ and Rs. 99⅞ in Calcutta.

SHARES.—The depression in the share market to-day has been very marked. Spinning Mills may be called Rs. 10 to Rs. 15 worse all round, with no buyers. Port Cannings have declared to Rs. 317½, Mofussil Press shares to Rs. 377½.

The Bombay Gazette

THURSDAY, MARCH 5, 1885.

IT would be difficult to exaggerate the significance of the announcement which Lord Granville made in the House of Lords on Tuesday afternoon in relation to the Russian advance into Afghanistan. We seem this time within a measurable distance, if not of war, at any rate of hostilities in which we can scarcely avoid at least indirectly participating. Sir Peter Lumsden's advice to the Afghans "to resist any further advance on the part of the Russians,"

Earl Granville said that Sir Peter Lumsden had advised the Afghans to resist any further advance on the part of the Russians, and that the British Government had expressed their approval of Sir Peter Lumsden's action. NAWAB SALAR JUNG.

(FROM OUR OWN CORRESPONDENT.)

LUCKNOW, MARCH 4.

Nawab Salar Jung and suite left Calcutta on the evening of the 26th inst. The Viceroy had kindly sent the Minister one of his carriages to take him to the station.

At Allahabad, on the evening of the 27th, His Excellency and staff were entertained at dinner by Mr. Justice Straight, and the next evening by Sir Alfred Lyall.

The party left Allahabad on the 1st inst., arriving at Lucknow the same evening. On the station platform the Minister was received by some of the talookdars of Oudh and several leading native gentlemen. The party is staying at the Motee Mahal, one of the several palaces of the ex-King of Oudh. The Minister has interchanged visits with the leading European officials here, and all the leading native gentlemen and nobles have called on him. The mornings and afternoons have been devoted to sight-seeing. Yesterday afternoon the nobles, leading gentlemen, and the native public of Lucknow presented His Excellency with an address. The meeting was held in the British Indian Association's premises at the Kaisur Bagh, when about three hundred people were present. The address was first read in English and afterwards in Hindustani. It said that the citizens of Lucknow and members of the Jalsa Lezib, Lucknow Institute, and Anglo-Sanskrit College Committee were but carrying out the wishes of the educated masses of the city in thus doing honour to the statesman who had visited them. It referred in eulogistic terms to the Minister's administration as well as that of his late father. It then went on to say that Anglo-Arabic and Anglo-Sanskrit colleges were about to be started here on the principle of the Mahomedan college at Aligurh. His Excellency replied in English. He said he was pleased to meet them, and was grateful to them for the address presented to him. This was his first visit to Lucknow, and he was very much pleased with all he had seen. Lucknow was, so to speak, a comparatively modern city, but it was rich with respect to its historical associations. The city was now shorn of its splendour, but he sincerely hoped that under the benign rule of the British Government much of its past greatness would be restored. The Minister then said that it was a special pleasure to him to learn from the address just read that education was rightly engrossing their attention. He would venture to say, without hurting the susceptibilities of the Mahomedan gentlemen present, that they, as a race, were very backward in education, but they had uttered words of encouragement and of hope in saying that they were going to do at Lucknow exactly what Syed Ahmed Khan had done for the cause of education at Aligurh. If they followed on the same lines their efforts were sure to be marked with success. He was also glad to learn that an Anglo-Sanskrit college was to be started for the teaching of one of the most ancient and copious languages in India. He would watch the growth of these new institutions with great interest, and he would be rejoiced to know that they had made progress and advancement in the matter of education. The Minister then proceeded to thank them for their kind allusion to his father, and for their good wishes towards himself. He would confess that as yet he had not done much to merit their eulogy, but this he could assure them of, that he would strive to follow in his father's footsteps, and in his own humble way do all he could for the good of his sovereign, the country, and the people. In conclusion, he said that although unconnected with the administration of these provinces, and coming to them almost as a perfect stranger, they had yet accorded to him a most warm welcome, for which he was truly grateful to them. He felt deeply the honour they had done him, and he would carry away with him many pleasant recollections of his visit to Lucknow.

This evening Raja Kassim Hossain Khan, a Baron of Oudh, entertains the Minnister and suite at dinner. The Minister and party leave here by special train for Allahabad to-morrow morning. They spend a few hours in Bombay on Saturday morning, and reach Hyderabad on Sunday evening.

THE RAWALPINDEE CAMP.

It is very possible that a large race meeting will be organized at Rawalpindi during the camp-of-exercise.

Besides the troops mentioned yesterday for Rawalpindi Camp, the following batteries and regiments are under orders:—D. Battery A. Brigade R. A. 6th Dragoon Guards, 3rd and 18th Bengal Cavalry, 14th Sikhs, 31st Punjab Infantry Corps, Guides Cavalry and Infantry, 5th Goorkhas, and one infantry regiment of the Punjab Frontier Force—altogether some sixteen thousand British troops with fifty-four guns.

A couple of seditious placards were found at Umritsar, the other day signed Abdullah, son of Maryad the Arabian. The writer professed himself an emissary from the Mahdi in the north. He said, "The Rajahs are broken-hearted because of land legislation in the east. We have made a covenant with France to help us on the west. The Russians are coming on the south. The star of religion is shining. Therefore brothers let us assemble, bind our skirts, raise the Standard of Islam, and rid ourselves of the lying Kafirs."

PRIVATE ENTERPRISE.

Messrs. John Fowler & Company have supplied to the Punjab Government for a concession of the right to make a light railway from Umballa to Simla.

THE LIEUTENANT-GOVERNOR OF THE PUNJAB.

The Lieutenant-Governor, in consequence of the proposed visit of the Viceroy to Rawalpindi, decided to expedite his return to Lahore. On the evening of the 9th His Honour leaves by special train, and arrives at Lahore the following morning.

THE POONA HIGH SCHOOL FOR NATIVE GIRLS.

(FROM A CORRESPONDENT.)

POONA, MARCH 4.

The foundation-stone of the Poona High School for Native Girls was laid this afternoon by His Excellency the Governor in the presence of a large concourse of spectators. The stone was a large block of Deccan trap, the inscription being engraved on a slab of white marble. The site of the school, in Sadashew Peth, has been liberally presented by the Chief of Sangli.

Among those present were Major Mansell, Mr. and Mrs. Kirkham, Colonel Ducat, Mr. and Miss Plunkett, Professor Theodore Cook, Mrs. Walker, Mr. E. P. Robertson, Major Babington, Mr. and Mrs. Jacob, and Colonel Latouche. The Chiefs of Sangli and Phaltan were present on the dais.

His Excellency was received at the main entrance by the school committee, and escorted to his place on the dais, when the girls of the school sang some appropriate verses in Marathi, specially written for the occasion. Rao Bahadoor Dandekar then read a long address descriptive of the progress made by the school and its future prospects. In the course of the address it was mentioned that over one lakh of rupees had been subscribed. The committee requested Government to grant two-thirds of the cost of the buildiug and to permit the committee to supervise its construction, both of which requests were, His Excellency subsequently stated, granted by the Government. The Chief of Sangli then invited His Excellency to lay the foundation-stone, the Chief of Phaltan seconding the proposal, and also intimating his intention of giving a sum of two thousand rupees to be spent in laying out a public garden in commemoration of His Excellency's term of office. The stone having been declared well and truly laid, His Excellency returned to the dais and spoke at some length on the advantages of education for native families. In the course of his speech he said that it was beyond the province of Government to interfere with the social customs of the natives, but that the reform would come about in good time. Flowers, attar, and pan were then distributed, and the proceedings brought to a close with the singing of the National Anthem in Marathi and English.

Thompson, Assistant Commissioner, has received his Lieut.-Colonelcy.

A CORRESPONDENT asks:—Why is it that the system of paying money-orders at the residences of the payees is only in force at four post-offices in the whole of the Central Provinces and Berar?

FOR the better working of the Hyderabad P. W. Department, the Executive Engineer rank has been abolished, and "District Engineers" have been substituted, with four "Inspecting Engineers." Mr. Fitch, M.I.C.E., Executive Engineer, has been pensioned on H.S. Rs. 250 per month after fourteen years' service.

A CORRESPONDENT writes:—Surgeon-Major Little, M.D., Sanitary Commissioner, H.A.D., and Surgeon Hume, Civil Surgeon, are proceeding on furlough to Europe. Civil Surgeon Howard, of the Basim district, retires shortly on attaining the 55 years' limit. It remains to be seen how these appointments (officiating) are to be filled up. The warrant officers of the Hyderabad Contingent service should come in for a share of the plums.

THE Viceroy's conference with the Ameer will probably be made the occasion of a grand military display. The camp of exercise to be assembled at Rawalpindi, or its neighbourhood, will not be less than sixteen thousand strong, including a cavalry division of four thousand, with fifty-four guns. The *Pioneer* says:—"The Viceroy will, if possible, be attended by the whole of his Council, as well as the Lieutenant-Governors of the Punjab and the North-West, and the Commanders-in-Chief of Madras and Bombay. The affair will last about a week."

THE AFGHAN FRONTIER.

In the above map the thin dotted line from Pul-i-Khatun to Koja Saleh represents the Afghan frontier as marked out in the existing English maps. The thick line of stars extending from Pesh Rabat to Koja Saleh is the line claimed by Russia. The map shows the position of Afghanistan not only in relation to Russia, but in relation to the North-West frontier of India.

MR. S. C. F. PEILS has won the Challenge Cup in the North-West Lawn-tennis Tournament.

IN the event of Major Collen receiving a permanent appointment in the War Office it is probable that the officiating appointments in the Military Department will be confirmed, and that Major E. Hay, of the 7th Bengal Cavalry, will be made permanent second Assistant Secretary.

A TUNNEL which was being excavated at Sanaulim on the line of the Marmagoa Railway recently gave way, and five workmen were killed and a number of others were wounded, some of them seriously.

THIS is how the dramatic critic of a New York paper thinks fit to speak of Miss Ellen Terry's impersonation of Beatrice:—"There is Terry, for example, she is a slightly weird enchantress that no one dares or cares to weigh or measure with material means. There is a subtle atmosphere of invalidism about her that gives a pensive flavour to all she does. She is the most erratically nervous actress I ever saw. I cannot imagine her in absolute repose, and how those London artists ever got her to stand still long enough to be photographed I cannot imagine. She leaves a general impression upon me after the play of having been darting on and off, with decorative swishes of skirt. I retain a pleasing but somewhat confused recollection of long arms waving aimlessly but deliciously, of great strides like Diana's, of somebody circulating generally, and decorating everything, as if she were a little pressed for time."

A LETTER was received by the Viceroy some weeks ago from the Spiritual Minister of the Tashi-Lamas resident at Shigatsi, the capital of the Tibetan province of Tsang, in which His Excellency has now sent a courteous reply. Suitable presents have also been forwarded, and there is little doubt (says the Allahabad paper) that the friendly relations which Mr. Macaulay established with the Minister last November will be cemented by this interchange of courtesies. If the home authorities will only consent to bring the Tibetan question before the Chinese Government and dispel the suspicions which possess the minds of the Mandarins on the subject, Tibet will no longer remain a sealed land. There is no necessity to alarm the Lamas in sending European merchants there: our native traders could readily develop the trade once they are allowed to carry their goods to the bazaars of Shigatsi, Lhassa, and other trading centres. The Tibetan border is but three days' journey from the railway terminus at Darjeeling, and once a satisfactory arrangement is come to there seems no reason to doubt that a lucrative trade between Tibet and India will spring up.

PRESS reporters do not appear to be held in much esteem by the Salvation Army engaged in the mission of making converts in America. They are the object of special prayers, the terms in which these prayers are couched being quite the reverse of complimentary to the fraternity. The *New York Sun* relates that one of them, happening to be present at a Salvationist meeting recently held at Philadelphia, found himself thus described: "We have a reporter here," said a "lieutenant," "a miserable reporter, a sinful servant of the unholy newspapers. The Prince of Darkness has made him stubborn; he will not join us. Oh, the wicked reporter! The Devil holds the fort in his brain; he is going to the kingdom of flames, and he is a type of all reporters, who are a wicked lot." The speaker paused to allow time for the heart of the sinner to be moved to repentance; but as the reporter remained standing, in spite of solicitations to kneel, and was in no way melted, the soldiers, male and female, lifted up their voices, and wept over the dreadful man, whilst the lieutenant shouted, "Oh, kill this reporter; kill him. He is too obstinate to yield. He is proud; all reporters are proud. Oh, strike him down, for he is the devil in disguise." Without waiting to hear more, the representative of the Philadelphia newspaper quitted the meeting-room, the Salvationists greeting his exit with the cry, "He is gone; he is past praying for."

WE published a few days since the unsatisfactory estimate which a correspondent at Hongkong has formed of the condition of the British squadron in Chinese waters. Our correspondent spoke of the terrible inferiority of the British navy, and of the depreciatory tone in which it is spoken of by foreign officers in that part of the world. But a naval correspondent of one of the home papers writes from the same station:—

I have already shown the fallacy of the statement that the Audacious would have to go to Sydney or Malta if the required docking, which appeared in the *Pall Mall Gazette*. Another ridiculous statement has since appeared in that paper about this station. I allude to the assertion that all our gunboats out here are "slow tubs mainly manned by Chinese, and that to assert so absurdly false that it deserves only to be laughed at. And now again Sir E. J. Reed's designation of the Wivern as a "weak old gunboat" tops everything. I cannot resist sending you an extract from the *Hongkong Telegraph* of a recent issue, which also gives a view of the question of our naval supremacy which I often wondered had not been throught of before; it will show at a glance the value of such opinion. The writer, after quoting Sir E. J. Reed as above, goes on to say, "The Wivern is undoubtedly the most formidable fighting ship of any nation ever seen in Hongkong Harbour;" and continues:—"It seems to be forgotten that in all our great naval battles we were always inferior in the number of ships, guns, and men, yet eventually our superiority was vindicated. British men-of-war, quite outside the number and calibre of guns are just as superior as fighting machines to the war-ships of France, Italy, or Russia as British men-of-war's men are superior in physique, discipline, and stamina (if not courage) to the seamen of those nations. Any sensible man who doubts this statement has merely to go on board, say, the French ironclad Galissonniere, and take stock of her offensive and defensive powers, and watch the discipline which prevails on board; and then pay a visit to the Audacious, and make the same examination, to be thoroughly convinced that even France, our strongest and most dangerous rival for maritime supremacy, has a lot to learn before she would (even with great odds on her side in the number of ships, guns, and men) have the slightest prospect of lowering the flag which has braved, for over a thousand years the battle and the breeze. This is not mere *bunkum*, nor the outcome of blind prejudice or patriotic ardour; it is common-sense, based on the firmest foundation."

THE curious game of chess at the Vatican between the British Cabinet and the Irish malcontents still continues. The first move seemed a success for Mr. Errington, the unofficial representative of the Government, who procured a Papal letter rating the Irish Bishops and forbidding the collection of a subscription for Parnell. The result, however, was to send the subscription from £6,000 to £37,000 in a few weeks. The Bishops were then sent for to Rome to hear some good advice from the Cameras. Their lordships knew what was intended, and were in no haste to go; they assembled in meeting, and voted *inter alia* that the education question should be entrusted to Mr. Parnell and the Home Rule party. When this was done they said they were ready to go to Rome and place the facts of the Irish question before His Holiness. The Pope took the hint, and they have not been pressed to go since. Indeed, Mr. Errington is now labouring to get the Camarilla to tell them not to give themselves the trouble. The most recent score has been for the malcontents, who have sent Mr. Davitt to call at Rome on his voyage round the world, with a view to converting the Pope personally. He has not yet been presented to His Holiness, but the *St. James's Gazette* is much troubled at the respect shown to Mr. Davitt in Rome on Sunday three weeks by one of the Pope's Chamberlains. He was placed in a prominent position in the Sistine Chapel, and a Chamberlain paid him marked attention. The *Times* correspondent remarked that "it would interest Mr. Davitt's friends" to hear of this honour. The *St. James's Gazette* says—"It will interest other people besides the elect who call themselves Michael Davitt's friends to hear that the 'mission' of Mr. Errington appears to have been futile there. The Papal Court was to have been gained over to help us in our Irish troubles, and here is one of the chief movers in these troubles ostentatiously welcomed and patronised by great personages at the Vatican. Another failure." The Gladstone Ministry, it must be admitted, is not particularly lucky in its diplomacy.

TELEGRAPHIC WEATHER REPORT.

CALCUTTA, March 3.—The barometer has continued to rise briskly over the whole of North-Western and Central India, and slightly at a few stations in Bengal. Elsewhere it has fallen, but everywhere quickly. The distribution is complicated. High pressures are still reported from the Punjab and Assam, and an arm of high readings now extends south-westward from Bengal down the eastern side of the peninsula. The low pressures are reported from Bombay and the Deccan on the one side, and from Burmah on the other. North-westerly winds are reported from Arakan and the Punjab, easterly winds from Madras, the Deccan, and the Central Provinces, and southerly winds from Orissa. The weather generally is fine; but rain has fallen in the Punjab, Behar, and Assam. Temperature has risen in the peninsula and North-West Himalayas. It has changed irregularly elsewhere. Rain to-day:—Hazaribagh, ¾ inch. Previously—Ranikhet, ½ inch.

BOMBAY HUNT.

(FROM OUR HUNTING CORRESPONDENT.)

THEY were a fortunate few who under old Bill's skilful guidance and the brilliance of a bright full moon met at the Bandora rifle butts early yesterday morning for the length and diversity of the run have been unsurpassed this season, and it may be recorded as one of the best it has been the luck of most of us to enjoy; and had it not been for the round-about course the jack took, the hills and jungle would probably have thrown many to grass. As it was, all the eleven were in it, and a merry, exciting pelt it was from find to finish, for full fifty minutes.

Shortly after commencing the rise beyond the small quarries and splintered rocks, the pack began to feather, and suddenly spread out prettily as a whimper proclaimed a find. Taking up the line quickly, they streamed away in full cry over the waterpipe and broken ground, through the vegetation, towards the Coorla road, until they approached a gaum, when the game seemed all up; but the check was only a temporary one, and it was refreshing to see them shortly emerge over the open and continue the chase as merrily as ever. Towards Chuckla they headed, then circled away to the right, and hitting off the Andheri-Coorla road, near the big cross, carried on the running with redoubled vigour to the head of the Marole valley, where they were slightly checked; but to the delight of everybody they soon found again and followed up the line over the Vehar road, up over the rocky steeps, and down through the moist and tangled scrub into the thick Powy coverts. Here the hounds raced the jack round and round for some minutes, but he got clean away, over the jungle-covered water and hills close on to Vehar. Making for the open country and treeless hills to the left of the road, he took us over the slippery slate bed of the Vehar waste. Ascending the hill, the pack doubled him back down the middle slope on to the flat, and over the water he sped for Powy again. The hounds were still running strong and well together, but the wily was too fleet for them, and he reached the big jungle and big hills, to elude them altogether. The field got spreadeagled a bit in the last part of the run, the pace being so fast over the hills; but they gradually made up, and further pursuit being hopeless the master called the hounds off as they were slowly climbing the biggest and steepest of the Powy hills. The run was fast and furious from beginning to end, and everyone voted it a clinker. It is more than we can hope for to see as good a one the next and last meet of a very successful season.

THE INDORE CASE.

(FROM OUR OWN CORRESPONDENT.)

INDORE, FEB. 26.

THE proceedings in the case of His Highness the Maharaja Holkar *vs.* Raghojee Lalchand were resumed on the 23rd instant from the 25th December last. Messrs. Shantaram Narayen and Shivram V. Bhandarkar appeared for the plaintiff, and Mr. M. C. Apte appeared for the defendant.

The first witness examined for the plaintiff was Badridas Harivithal. He stated.—Harivithal is Laljee's son. Kisandas was my elder brother. He attended to the affairs of the firm. I knew Rajbhau Fanse. I had dealings with him. In Samvat 1901 Jagannath and myself were doing business of the firm. Kisandas was not then here. My father was then alive. Kisandas went to Oomrawutee in 1896, and returned in 1905. I know Rajabhau attended to the State affairs. I don't know with what firms he dealt. I don't know when he went to Tarana, but know that he went. I know no one of his hoozras. I don't know Jankoo. Kisandas went again in 1918 to Oomrawuttee, and returned in six months. A third time he went in 1921, and returned after two years. In his absence the goomastas and patedars managed business at Oomrawuttee. There was no goomasta at the Indore shop; we ourselves looked to the business. Kooverjee was my cousin, son of my father's elder brother. There was no other person of the name of Kisandas in our shop. In the ledger for Samvat 1901, at page 41, is the handwriting of myself and Jagonnath. The items below the item of Rs. 1-4 are not in the handwriting of any one belonging to my shop. I am not acquainted with the Marwaree writing on page 42 of this ledger. (Exhibit N. N. N.) One of the pages contains the writing of Balmakoond, goomasta of Nagpore. This ledger does not contain any one's writing except that of myself, Balmakoond, and Jagonnath. Cooverjee had died then. He died in Samvat 1899. The items at page 37 of the nakkai (journal) are in the handwriting of Harivithal. I do not know in whose writing are those four items on page 39. The cash-book for Samvat 1901 is in my handwriting, save a small portion written by Jaggonnath. There are some items of expenditure incurred on account of Kisandas's visit to Oomrawutee in 1896. The item of annas 12 at page 10 of cash-book for 1905 is in the handwriting of Raghoonath, my nephew (sister's son). One of the pages is wholly in his writing. I don't know in whose handwriting these four exhibits shown me are. They are neither in the Gujrati nor in Marwaree characters. Narayendas, my son, obtained copies of them when he discovered them in my books. This was at Lalbaugh. I don't know how I got page 42 of one of my account-books. Kooverjee kept insurance account books. The firm of Raghowjee Lalchand had no connection with it. I am in partnership with Raichand Cooverji and Motichand. Raghowjee Lalchund had only one shop. The insurance account books of Raichand and Cooverji are with me. I have not produced them in court. The Khargone shop was established in 1926. Kisandas Khargonewala is alive. He has no connection with my firm. I don't know if Rajabhau Fanse had a brother bearing the name of Ganpatrao. Five or seven loose papers were found in my account books of Kisandas. I have seen them. These papers were in a book belonging to Raichand Cooverjee. These are in the writing of Raichand and pertaining to insurance account. This writing is Kisandas's, beginning with the sum of Rs. 2,923-1-9 (Samvat 1905) on the credit side. The Rangdi writing of this exhibit shown me is mine. I have had no account with any person of the name of Gopatrao within the last forty years. There was no goomasta of the name of Kisandas at Oomrawuttee. There is no deposit account in my books. Within the last forty years there have been no deposits made with us. I am a retail seller. I was a retail seller up to 1905. I began to deal in opium along with my grocer's business. I used to buy opium and send it out to my agents for sale. I dealt in hoondies also. The opium business was carried on before and after Kisandas's return from Oomrawuttee in Samvat 1905. The insurance business was also carried on before his return. Raghowjee Lalchand did it. It was from my childhood that Raghowjee Laichand did it till Samvat 1961. I am in partnership in the parchitty business under the name and style of RaichandCooverjee. Hoondies exhibits 20, 21, 24, 25, 26, 27, 31, 37, and 39 are in the handwriting of Kisandas. The rest of them are only signed by him. I have brought all the hoondies written by Kisandas from Oomrawuttee also letters. With the exception of three letters (exhibits 3, 18, and 19) all these are in his writing. The three letters are partly written by him and a goomasta.

The court adjourned to the 24th Feb.

BOMBAY TOWN COUNCIL.

SIR FRANK SOUTER presided yesterday at the meeting of the Town Council. The members present were:—Lieut-Colonel Merewether, Captain Morland, Dr. Peterson, Messrs. Grattan Geary, R. N. Khote, Desabhoy Framjee, R. M. Sayani, Nowrojee Furdoonjee, and M. N. Banajee.

The Council further considered the memorandum from the Municipal Commissioner forwarding a letter from the assistant engineer respecting the set-back of Nos. 101-103 Samuel-street, and stating that under the circumstances the proposed terms may be allowed, but it was important the set-back should not be foregone altogether. To enforce the set-back to which the Municipality was entitled, would necessitate the cutting down to the depth of six feet four storeys of the house. This would cost Rs. 900, which the proprietor would have to pay Rs. 480. In order to satisfy the requirement of the Municipal Acts, Mr. Currimbhoy Ebrahim was willing to enter into an agreement to give up the ground required for set-back, on the rate already sanctioned, Rs. 20 per square yard, when the adjoining house to the west, or the house to the east was pulled down and set back, and to make no demand for compensation on account of the removal of the building from the set-back ground.

It was proposed by Mr. Nowrojee and seconded by Mr. Khote, that the set-back should be enforced for the improvement of the street.

Mr. Sayani moved the approval of the proposals submitted by the Municipal Commissioner.

On being put to the Council, Mr. Nowrojee's proposal was carried by the casting vote of the chairman.

Another amendment was moved by Captain Morland, and seconded by Mr. Geary, that the set-back should be enforced, and that the land be rented to the present owner until such time as it was required by the Municipality.

Mr. Sayani then suggested that under section 156 the set-back should be confirmed, but that possession of the land need not be taken until the Commissioner thought it valuable.

A long discussion took place as to the validity of these proposals.

The amendment of Captain Morland was carried, when Dr. Peterson proposed that action be stayed until the opinion of the solicitor had been obtained as to the legality of the course proposed. This was eventually agreed to, so that after the Council had been occupied for two hours on this one subject, no final decision was arrived at.

The Council then adjourned.

DISEASES OF THE CHEST.

GRIMAULT AND CO.'s SYRUP OF HYPOPHOSPHITE OF LIME.

Persons suffering from CATARRH, CONSUMPTION, COLD on the CHEST, COUGHS, and generally those afflicted with diseases of the chest, bronchia, or lungs, should use GRIMAULT & CO.'S SYRUP OF HYPOPHOSPHITE OF LIME, which, prescribed for years past by the medical authorities of all countries, has invariably effected wonderful cures.

By the use of this Syrup the Cough is calmed, nocturnal sweats disappear, and the appetite rapidly improves—a fact soon demonstrated by an increase of weight and improved appearance.

GRIMAULT'S SYRUP is of a rose colour, and contained in flat oval bottles.

GRIMAULT AND CO.'S MATICO CAPSULES AND INJECTION.

Renowned Physicians prescribe GRIMAULT'S MATICO at the most active and at the same time the most inoffensive remedy in the treatment of ACUTE AND CHRONIC DISEASES. These CAPSULES have not, like COPAIBA, the inconvenience of giving NAUSEAS. The Injection is used in recent, and the Capsules in the more chronic cases.

DUSART'S SYRUP OF LACTOPHOSPHATE OF LIME

This preparation enriches the blood, strengthens the brain, and improves all the vital functions.

Phosphate of Lime is the substance most necessary to life; indispensable for the formation and nutriment of the nerve system, as for the transformation of food into muscular fibre. Without it the body wastes away, and it is to supply the lack of Phosphate of Lime that Dusar's Syrup is so useful. It is of inestimable benefit for CONVALESCENTS, WEAK and OLD PEOPLE, and RICKETY CHILDREN, who find in it the CALCAREOUS ELEMENTS entering into the CONSTITUTION OF THE BONES. Well adapted to LADIES in the FAMILY-WAY, WET NURSES (whose milk it enriches) and to stop CHILDREN'S DIARRHŒA.

ASTHMA! ASTHMA

GRIMAULT & Co.'S INDIAN CIGARETTES.

Asthma, Nervous Coughs, Chronic Laryngitis, Hoarseness, Loss of Voice, Facial Neuralgia, and Insomnia, are rapidly relieved by using these Cigarettes.

SICK HEADACHE! NEURALGIA!

GRIMAULT & CO.'S GUARANA.

"This Medicine owes its curative virtues to the great quantity of Caffein which it contains. Dr. Wilkes, of Guy's Hospital, declares in the *British Medical Journal* that Grimault's Guarana acts "like a charm."

"Grimault's Guarana Powders are a certain remedy for Sick Headache."—*The Lancet*, Aug. 31, 1872.

It is the most valuable remedy against Diarrhœa, Dysentery, and all disorders proceeding from derangements of the Stomach or Bowels.

"THE PIANOS FOR INDIA"

The experience of nearly thirty years proves that

S. ROSE AND CO.'S

SYMPATHETIC GRAND SQUARE PIANO

is, par excellence, the best suited for the climate of India.

WE GUARANTEE EACH PIANO. { "This piano was awarded a first-class certificate and medal of the Calcutta Exhibition." } WE GUARANTEE EACH PIANO.

S. ROSE & Co., have supplied many hundreds of their noted Sympathetic Grand Square Pianofortes to residents in all parts of India. No one instance has occurred of a "Sympathetic" having given way; of course the action and mechanism will wear; but S. ROSE & Co., have seen "Sympathetics" which, after twenty years' use, have, after the entire action has been renewed, been as rich and beautiful in tone as when quite new.

All parts of the instrument have been studiously cared for in the manufacture; the external case being of solid mahogany, with ornamental fret work at the openings. In regard to tone and touch it is a first-rate instrument.

The term "Sympathetic" was first used to designate the character of tone. The term has been made use of by others without scruple, and many purchasers have paid for "Sympathetics" of a most doubtful quality, and which are not entitled to the name; but are merely inferior imitations.

Cash price, in solid Mahogany Case ... ... Rs 850

S. ROSE & Co., have adopted the "One-Year Purchase-System" for the sale of their Sympathetic' Grand Square Pianofortes;—full particulars on application.
